Silver Weeks

The first six weeks of the school year — the Golden Weeks — are crucial for creating a pleasant and safe atmosphere in the group. During this time, the children explore their peers, the teacher, and together set agreements and rules. This period establishes the group's norms and values, laying the foundation for a successful school year. After the Christmas break, we revisit this with the Silver Weeks, a three-week period where we continue to build on the group's foundation.

Moving Time!

The move is approaching rapidly! The schoolyard will also undergo a complete makeover, and we need your help for part of it. If you have green thumbs and/or strong arms, your assistance would be greatly appreciated. We'll be creating willow huts and tunnels, building retaining walls, and relocating a few trees from "de Noot." Other tasks will be handled by the playground equipment supplier and a landscaping contractor. If you're enthusiastic about helping out, please contact us at margot.prijt@bestonderwijs.nl. Further details about the exact schedule will follow soon.

Reminder:

Study days on Wednesday, February 26, and Thursday, February 27. These days will be dedicated to the move. On Friday, February 28, we will march in a colorful parade (Carnival!) to "de Haktol," so the children can get acquainted with their new space before the spring break.

Our students are increasingly using computers, both now and in secondary school. Learning to type with ten fingers without looking at the keyboard is a valuable skill, in our opinion. For this reason, we offer our students the opportunity to attend a typing course by Typetuin after school hours.

Christmas sweaters

Contrary to the message in Klasbord, we have decided to keep the Christmas sweaters that were submitted for this year! This way, we hope to eventually have a wide selection of seasonal sweaters.
