### November - December

During this period, parent-teacher conferences are scheduled. In the run-up to December 5th and Christmas, the Parent Council and our colleagues behind the scenes are already busy preparing to bring a festive, wintery atmosphere to the school.

Before that, we enjoy the beautiful autumn colors around the school, and the children enthusiastically play with the leaves drifting down from the trees.

### **Registering Brothers/Sisters**

Although this is not yet an official registration, we kindly ask you to let us know by email if you have younger brothers or sisters who will turn 4 within the next two years.

### Reminder: "Door Policy"

We have heard from some parents that it's not always clear when the school doors open and when children can be brought inside.

The doors at the stairs leading to the slide and the door by the indoor staircase in the hallway open at 08:25. The "airlock door" at the entrance on the Zevensprong side is also opened by Patrick at 08:25. This ensures that everyone can enter the school at the same time.

### From and by Our Student Council

(There was an official vote held in a real voting booth!)

Dear parents/guardians,

We would like to talk about dog poop, because it keeps being left behind — and that's not okay. We have also made an agreement about dogs being on a leash. If you let your dog off the leash more than three times, you are no longer allowed to bring your dog onto the school grounds. So, if everyone follows the rules, that would be great.

Thank you in advance, The Student Council

### Sinterklaas Activities & Treats

In the coming weeks, there will once again be plenty of festive fun surrounding Sinterklaas! We would like to inform you about a few important moments:

#### Groups 1 to 5

### • Thursday, November 14 - Shoe Afternoon

The children may bring a shoe to school on this day. Parents do not need to be present. On Monday, they will find a small treat in their shoe.

### • Monday, November 18 - Surprise!!!

Of course, there will also be something tasty that day!

### • Thursday, December 5 - Visit from Sinterklaas

On this festive day, we will naturally have a special treat as well.

Since treats will be given out on three different occasions, we kindly ask that if your child has a food allergy, you provide an alternative treat for them to keep at school. This way, all children can safely and happily take part in the celebrations.

Please inform the teacher if you have sent an alternative treat, so we can take it into account. Thank you very much for your cooperation and understanding!

### Surprises - Groups 6 to 8

For the children in groups 6 to 8, it's time to start working on their surprises (creative gift presentations).

On **Monday**, **November 17**, they will receive the name of the classmate they will make a surprise and poem for.

On **Wednesday**, **December 3**, the surprises can be brought to school either in the morning upon arrival or in the afternoon between 12:00 and 14:00.

That way, everything will be ready for a fun and festive day on December 5!

With kind regards,

The Celebration Committee

## Fruit Dads and Veggie Moms Wanted!

Our school has once again been selected to take part in the EU School Fruit and Vegetable Program this school year!

From November 10 through April 17, all children will receive a free piece of fruit or vegetable three times a week. This is a healthy addition to the mid-morning snack you provide from home.

On the designated "fruit days," a group of parents helps count and, if necessary, cut the fruit.

We've created a WhatsApp group where we ask each week who has time and would like to help out.

Would you like to join in too?

Please send an email to maike.dijkmans@bestonderwijs.nl including your name and phone number.

The Fruit Dads and Veggie Moms start at 8:30 a.m. and are usually finished around 9:00–9:30 a.m., depending on the delivery and how many helpers there are.

- Leg groente en fruit voor het grijpen en eet er zelf natuurlijk ook van.

### Smaak is iets wat je kan ontwikkelen!

Soms zijn kinderen pas gewend aan een smaak na 10 tot 15 keer proberen. Met EU-Schoolfruit proeven de kinderen verschillende soorten groente en fruit. Ook als kinderen nog niet veel durven te proeven, doen ze in de klas vaak lekker mee. Want in de praktijk blijkt: zien eten,
