New MR Member Introduces Herself

Hello everyone,
I'd like to briefly introduce myself. My name is Annemarie van Ginneken and I'm the mother of Sofie (group 5) and Willem (group 2).
Since this school year, I've been a member of the MR and I hope to build a strong bridge between parents and the school.
So feel free to approach me in the schoolyard if you have any questions or suggestions.
Hopefully, we can achieve great things together for the school!
Regards, Annemarie

Zevensprankelen, Open Classroom and Book Market!

This Friday it's time to Zevensprankel! And that's not all — you're warmly invited to visit the classroom between 11:30 and 12:30, where your child(ren) will personally share about their group work.
Finally, there will be a book market in the heart of the school, where you can buy beautiful children's books for just €1 each.

Vote for the School

De Zevensprong has been nominated for the National Timber Construction Award 2025! We're honored and of course, we hope to win. Will you vote with us?

School Social Work

Introducing: Prevention Duo at School

Dear parents/caregivers and children,

We are Susan (school social worker) and Sophie (youth nurse), and we work together as the prevention duo at primary school De Zevensprong.

We would like to organize a parent meeting and need your input.

Would you please let us know via the link below whether you're interested, which time of day you prefer, and which topics related to parenting, development, or growing up you'd like to discuss?

Additionally, we are present together at school every Thursday morning from 8:30 – 9:30 for a Q&A session.

Do you have questions, or would you just like to drop by and get acquainted? We'd love to see you!

A bit more about us:

My name is Susan de Klerk, and since May of last school year I've been working as a school social worker for Lumens, connected to two primary schools in Best.

At school, I support children who need help dealing with themselves and others — for example, managing anger, fears, insecurities, and friendships.

In the coming period, I'll be at school every Wednesday morning and Thursday.

My name is Sophie Gooskens, I work as a youth nurse at the GGD and am affiliated with primary school De Zevensprong.

As a youth nurse, I see children of primary school age. We invite children when they are 5 to 5.5 years old and again when they are in group 7. Of course, an extra appointment can always be scheduled at the request of parents or the school.

I find it important that parents and children feel heard and I aim to make contact as accessible as possible.

Do you have questions about parenting, growing up, or development, or are you worried about something?

Feel free to get in touch — I'm happy to think along with you!

You can reach me by email at s.gooskens@ggdbzo.nl or by phone at 088 0031 182.

Greetings,

Susan and Sophie
