TIPS VOOR DE MODELLEN!

Trek aan waar jij je mooi, stoer en lekker in voelt! Jeans werkt altijd!

LIEVER NIET!
Neon kleuren (vooral oranje & geel)!
Deze geven een kleurzweem op de huid.

Donkere kleding, zoals zwart en donkergrijs kan de foto wat saai maken.

Kleine ruitjes & grote teksten!
Dit komt niet zo mooi uit op de foto.

WAT VOORAL WEL!
Kleuren, zoals blauw, roze en wit.
Dan spat je kind juist van de foto af!

Kleurjes die mooi zijn bij deze achtergrond!

AUDIT / VISIT OF THE EDUCATION INSPECTORATE

(In education, an audit is conducted to evaluate and improve the quality of education and the organization of the school. An audit can be carried out internally (by staff members of the institution) or externally (by independent parties).

Stichting Best Onderwijs places great importance on the quality of education. One of the things we do to keep insight into this quality is conducting an audit. A group of colleagues within Best Onderwijs has been trained as auditors. Our audit was scheduled for March 3. A great moment to take a closer look at the quality of our education.

By the time this edition of the Kleppertje was published, the audit had already taken place. During the coffee hour this week, we informed the parents present about the audit.

On April 1 of last year, the Inspectorate visited the school. At that time we received a satisfactory evaluation, but there were also several improvement assignments. Among other things, we see the audit as a measurement moment for these improvement tasks. Last week the PO Council already carried out group visits and was very positive about the improvements and developments that De Zevensprong has made. We therefore approached the audit with confidence.

WEBINAR VILLA PINEO

Dear parents/guardians,

I would like to inform you about an interesting and free webinar from Villa Pinedo for parents.

Villa Pinedo focuses on children and young people with divorced parents. Based on their own experiences, they support peers by offering a listening ear, honest tips and relatable stories. In addition, they provide parents and professionals with insight into what a divorce really does to a child, so they can better understand and support them. Because who can better explain how it feels than the children themselves?

Free webinar: About arguments, conflict and breaking patterns for yourself and your child(ren)

 Thursday, March 12, 2026

 8:00 PM

 Online and free to attend (also available to watch back)

After a divorce, conversations or messages with the other parent can sometimes repeatedly turn into arguments or tension. This webinar explains what lies beneath these conflicts and why certain patterns keep repeating.

Experiential expert Lisa van Montfoort (Villa Pinedo) and EFT relationship therapist Katja Pereira explain how these patterns arise and how you can take steps to break them using Emotional Focused Therapy (EFT). Not only by communicating better, but especially by looking at the deeper layer beneath the conflict.

This webinar is intended for parents who want to create more calm and stability, for themselves and for their child(ren). Registration is possible via this link.

Kind regards,

Sophie Gooskens
GGD Youth Nurse

TRAFFIC SAFETY AROUND THE SCHOOL

We ask for your attention to the following:

Children are learning to be attentive in traffic, and we hope and expect that other road users will take into account that children are still learning to become experienced road users. Sometimes they still make mistakes. We ask adults to be extra alert around the school and at crossing points.

In a hurry, it may happen (although it is not desirable) that you drive a little faster than allowed or “just briefly” park your car somewhere where you block the passage for others. There is a bicycle path next to the school. Do you take passing cyclists into account when getting out of your car or when parking?

Together we can improve traffic safety around the school!
